

AKHIL U S

SOFTWARE DEVELOPER

Trivandrum | +91 9496553323 | akhilus321@gmail.com | linkedin.com/in/akhilus | github.com/Akhilus26

PROFESSIONAL SUMMARY

Aspiring Software Developer with hands-on experience in full-stack web development using Django and modern web technologies. Strong foundation in problem-solving, scalable application development, and AI-driven technologies.

TECHNICAL SKILLS

Languages & Frameworks: Python, Java, C, C#, PHP, Django, Flask, React

Web Technologies: HTML, CSS, JavaScript, Bootstrap, jQuery, Responsive Web Design

Databases: MySQL, MongoDB

Tools & Platforms: Git, Linux (CLI), VS Code

Core Concepts: Data Structures, OOP, REST APIs, Agile, SDLC

Soft Skills: Communication, Problem Solving, Teamwork, Adaptability, Time Management, Critical Thinking

EDUCATION

MCA – APJ Abdul Kalam Technological University | 2024–2026

BCA – University of Kerala | 2020–2023

PROJECTS

Intelligent Compiler Error Explanation System | Python, React, LLM

- Developed AI-powered system to convert compiler errors into human-readable explanations.
- Integrated LLMs to analyze source code, identify root causes, and provide debugging suggestions.

Crop Yield Prediction System | Django, Python, ML, Weather API

- Built a machine learning-based web application to predict crop yield using weather and soil data.
- Implemented plant disease prediction using uploaded crop images for early detection and diagnosis.

Smart Civic Issue Tracker | Django, JavaScript, SQLite

- Developed civic issue reporting platform with geolocation and image upload support.
- Implemented crowd verification and credibility scoring for prioritization.

E-Allotment Management System | ASP.NET, SQL Server

- Built digital allocation workflows using ASP.NET and SQL Server.
- Developed dashboards and backend services for real-time updates.

INTERNSHIP EXPERIENCE

Python Full Stack Developer Intern – Quest Innovative Solutions | 2023–2024

- Developed Django-based applications and REST APIs.
- Worked on frontend-backend integration, responsive UI development, debugging, and database operations.

CERTIFICATIONS

Elite NPTEL Online Certification in Cloud Computing – IIT Kharagpur | Score: 71% (Jan–Apr 2025)
